## 4. Teaching improvement

Suggest strategies to your department to improve teaching methodology based on problems found in Section 2, No. 3.

Suggestions: English is still a problem for Thai students especially speaking. Methodology needs to force them to present in front of the class and ask them questions before, during and after class. Quiz was implemented many times because Thai students have little knowledge about ASEAN.

**Section 3: Summary of Teaching and Learning Results**

1. Number of students registered for the course : 67 students

## 5. Factors influencing unusual scores level: None

## 6. Errors from (grade) assessment plan

## 6.1 Errors about setting time for assessment

## 6.1.1 Specify errors and reasons.

6.1 Errors Due To Timing	Reasons
Students come at different times, then take time to get settled in.	Students have very short attention spans.

## 6.2 Errors about assessment techniques

## 6.2.1 Specify errors and reasons.

Assessment from oral presentation.	Students still have much different level of presentation skill such as speaking. Those who speak more fluently always get higher scores.

## 7. Revision of student efficiency

Specify methods of revision and summarize the results

Method of Revision	Conclusion
Instill in the students a sense of professional reverence for their work so that they will hold themselves and their peers to a high standard. Individual and group assignment are needed.	Fieldtrip is a good way for students to learn their neighboring countries. Students will get clearer picture and understand better.

**Section 4: Problems and Effects of Course Management**

## 1. Teaching resources and facilities problem

## 1.1 Specify problems about teaching resources and facilities and their impact.

Problems	Impacts
Electronic equipment such as microphone, speakers is a problem to irritate a lesson.	It causes students not to focus on their studies and understand the lesson clearer.

## 2. Management and organization problem

2.1 Specify problems about management and organization and their impact on student learning.

Problems	Impacts
There are too much trouble and procedures to take students to field trip off campus such as process of getting and approving for a bus and budget constraints. Budgets are limited this semester.	Students lose their opportunities to learn from real things outside. There are so many activities outside faculty so students miss class very often.

**Section 5: Course Evaluation**

## 1. Result of student course evaluations (please see attachment.)

## 1.1 Feedback from student evaluations

## 1.1.1 Specify strengths and weaknesses.

Students need to do presentation by researching more information. They really lack knowledge skill about our neighboring countries even. Speaking skill is very poor also.
--

## 1.2 Lecturer's opinion of student feedback

Students do not care very much about learning Southeast Asia. They only just barely begin to see its importance to their future in expansion.

## 2. Result of course evaluation from other evaluation methods.

## 2.1 Feedback from other evaluation methods

## 2.1.1 Specify strengths and weaknesses.

Strength : They gain more knowledge which they have not known before.  
Weakness : Some students have not prepared the lesson well so the rest of them did not pay attention to their presentation.

## 2.2 Lecturer's opinion of feedback

There can be no growth in mastery of the subject matter without dedication to it. Just sitting next to an expert will not rub-off on you.

**Section 6: Improved Teaching Plan**

## 1. Progression of improved teaching plan as presented in the previous course report.

1.1 Specify an improved teaching plan that was proposed in the previous semester/academic year, and describe whether it was conducted as planned. If not, give reasons.

## 2. Other methods for course improvement

2.1 Briefly describe how to improve the course, e.g., new teaching methods for the current semester/academic year or new teaching instruments.

More presentation and research. Group and individual projects. Quiz will enhance their eagerness.

## 3. Suggestion an improvement of the plan for the next semester/academic year
