

Mise en Scène

Cinematography

A high-angle photograph of a man and a woman lying on a cracked, icy surface. The woman is on the left, wearing a long, quilted pink coat and blue gloves. The man is on the right, wearing a dark jacket and a black beanie. The surface is a mix of light blue and white, with prominent cracks and a small hole. The text "What is mise en scène?" is overlaid in white on the left side of the image.

What is mise en scène?

What is mise en scène?

Mise en scène is the arrangement of scenery and stage properties in a play. Translated from French, it means "setting the stage" but, in film analysis, the term mise en scene refers to everything in front of the camera, including the set design, lighting, and actors. Mise en scene in film is the overall effect of how it all comes together for the audience.
